Highlight things from an aspirant's point of view. For an example, include the key facts of the topic under the sub-heading - Must know Facts about Topic for the Upcoming UPSC Examination

Do some research and try to include probable questions that can come from this topic.

Include tips that can help aspirants prepare the topic in a better way.

Always try to mention the main facts about the topic in pointers.

Example - If there are some important dates to remember from the particular topic, you can create a table for that and then explain.

These passages are easily available on any website. The writer needs to understand the passage and re-write it in his/ her own words keeping the meaning and the format intact, for example, check this article -
